About Me

I am Waheed Murad, a recent graduate in Software Engineering from Okara University. I have a strong foundation in web development, graphic designing, and MS Office tools. I've worked as a team leader in my final year project and also served as a school teacher intern under the STI program in a government school. My educational background and field experiences have developed my skills in communication, leadership, and problem-solving, making me capable of working effectively in both technical and people-focused roles.
